Summary

Informatics student at Indiana University (IU) Luddy, expected May 2027. Digital Humans Project Lead at Luddy LINK on AI-driven virtual personas, trust, privacy, UX research, and adoption, while shipping accessible web for organisations without in-house engineering. Seeking software engineering, AI product, or platforms and data roles.

Education

Indiana University Bloomington Bloomington, IN
B.S. Informatics (Business & Society), Luddy School of Informatics, Computing, and Engineering Expected May 2027
• GPA: 3.50; Hudson & Holland Platinum Scholar (full merit); first-generation; Madrid UCM, Spring 2026.

Experience

Digital Humans Project Lead Feb 2025 to present
Luddy LINK, Luddy School of Informatics, Computing, and Engineering, Indiana University Bloomington, IN
• Lead applied research on Digital Humans, generative AI, and human-computer interaction (HCI) across customer, operations, and internal workflows ([N] use cases).
• Shipped a research board of [N] metrics across [N] themes ([X%] layer coverage); ranked builds vs published market inputs, cutting analysis-to-decision turnaround by [Y%].
Website Team Lead Jan 2024 to present
Laurie Burns McRobbie ServeIT Nonprofit Clinic, Luddy School, Indiana University Bloomington, IN
• Lead intake, scoping, and delivery of accessible web for [N] local nonprofit partners without in-house engineering; ship on [X%] of agreed milestones.
• Build and hand off sites with React, Python, PostgreSQL, and WCAG 2.1 (City of Bloomington, Middle Way House); coach [N] student developers, cutting post-launch defect tickets by [Y%].
Web Developer Jun 2026 to Jul 2026
National Science Foundation (NSF) Bloomington, IN
• Researched how consumer applications collect, store, and protect personal data under a non-disclosure agreement (NDA), reviewing [N] product flows.
• Translated privacy findings into user-facing trust and clarity guidance, improving stakeholder comprehension of risk language by [X%] (internal review).
User Experience Designer Aug 2025 to Dec 2025
Indiana University Undergraduate Education Bloomington, IN
• Defined UX research questions and synthesised secondary research on privacy communication, consent behaviour, and trust across [N] sources into [N] themes.
• Recommended collection, storage, and protection copy targeting a [X pp] clarity gap on data-use language, raising prototype task success in review by [Y%].
Business Technologist May 2024 to Dec 2024
Public Interest Technology University Network (PIT-UN) Bloomington, IN
• Researched agentic AI, go-to-market (GTM) strategy, and organisational adoption for nonprofit settings across [N] constraint patterns.
• Mapped AI capabilities to trust, oversight, and post-pilot use, framing adoption paths that fit [X%] of identified operational constraints.
Restaurant Kid May 2017 to Jun 2023
Family Chinese Buffet Greenfield, IN
• Rebuilt website and social (Facebook, Instagram, TikTok) after COVID-19 while covering floor, till, and kitchen across [N] weekly shifts; grew online reach by [X%].

Leadership

City of Bloomington · Website Team Lead Jan 2024 to present
ServeIT Nonprofit Clinic (web design for municipal partner) Bloomington, IN
• Lead web design and accessible public-facing pages for the City of Bloomington (WCAG 2.1) across [N] pages.
STEM Peer Mentor / MAP Coordinator Aug 2023 to present
Faculty and Staff for Student Excellence (FASE), Indiana University Office of Student Life Bloomington, IN
• Coordinate Mentor Apprenticeship Programme (MAP) for [N]+ first-generation and low-income peer mentors via training, Canvas, and programme communications; coach [N] STEM mentees/term at [X%] session completion.

Technical Skills

Languages: Python, TypeScript, JavaScript, SQL, Java, HTML/CSS | Systems: React, Node.js, PostgreSQL, Git, REST APIs

AI & HCI: Digital Humans, Generative AI, LLMs, RAG, Agentic AI, HCI | UX: WCAG 2.1, Figma, UX Research, Data Privacy | Spoken: English, Fuzhounese, Spanish
