

Account handoff · Google Reviews / Google Business Profile

Last checked: October 2026 · Managed by: _____ (organisation fills this in)

What this is

The Google listing customers see in Google Search and Google Maps.

Who owns the login?

- Primary owner: _____
- Backup owner: _____
- Review responder: _____

Google listing is not the same as the organisation Gmail password. Add staff with their own Google Accounts as Manager when that is enough. Never put the password on this sheet.

ELI5 steps

- 1 Open business.google.com and sign in with the Google account that manages the listing. Confirm the right location.
- 2 Check People and access to see who has access. Keep the business owner as primary owner.
- 3 Add staff or helpers using their own Google Accounts. Prefer Manager for day-to-day reply work.
- 4 To answer a review: open Read reviews (or Reviews), click Reply, write a short polite answer, then post.
- 5 Keep hours, phone, address, website, and photos current.
- 6 If a review violates Google's policies, use Google's reporting process rather than inventing a delete path.

Official help (US links; region may differ)

Manage Business Profile owners and managers: <https://support.google.com/business/answer/3403100>

Manage customer reviews: <https://support.google.com/business/answer/3474050>

Edit your Business Profile: <https://support.google.com/business/answer/3038177>

Warning / troubleshooting

- Google listing ≠ Google email account. The Business Profile is managed by Google Accounts.
- US help links. Your region may show different wording.

Do not

- Do not share the primary owner's Google password with every helper.
- Do not write passwords or recovery codes on this sheet.
