Volunteer Experience

Laurie Burns McRobbie Serve IT Clinic Bloomington, IN

Community Technology & Nonprofit Consulting

Technical Project Lead Aug 2026 to Present

- Lead student teams conducting website accessibility assessments for nonprofit and civic clients, coordinating evaluations, technical deliverables, and recommendations.
- Translate stakeholder requirements into project tasks and lead WCAG evaluations for the Town of Nashville, documenting barriers involving navigation, page structure, and colour contrast.

Web Development, AI & Accessibility Intern Jan 2024 to Dec 2025

- Developed and maintained responsive websites for community clients, supporting frontend functionality, usability, and accessibility improvements.
- Troubleshot website issues, evaluated accessibility against WCAG guidelines, and prepared technical findings and maintenance documentation for client handoffs.

Projects

Matcha x Moxie | Coding Education & Web Development matchaxmoxie.github.io/matchaxmoxie/

Independent STEM Education Initiative

- Build and maintain an online learning archive containing programming walkthroughs, course resources, and technical documentation for Informatics students.
- Create accessible coding resources and website handoff guides to help first-generation and low-income students navigate technical coursework.

Digital Humans | AI Interface Research & Project Leadership

Human-Centred AI & Responsible Interaction Design

- Lead student exploration of human-like AI interfaces for business applications, investigating user trust, transparency, and expectations of AI-generated interactions.
- Examine AI disclosure, communication limitations, and interface design decisions to inform responsible digital human experiences.
